## TOURS

*Both tours give you a personal and comprehensive history of the Ord River Irrigation Area since its inception in 1961. "the statistics and the history will amaze you".*

### 2K-ORIA

**Depart 8:30am**

**Duration approximately 3 hrs**

Includes Original Pump Station, Diversion Dam, Ivanhoe Crossing, hybrid seed production, cucurbits, corn (maize). See and learn about all the crops currently growing at the time of the growing season. With a bit of luck and dependent on timing, we should be able to fit in a quick visit to the Kununurra Cotton gin on our way back to your accommodation.

**Cost Adult: \$160 Pensioners & DVA: \$140 Child: \$60**

### 2K-EXP

**Departs at 10.00am**

**Duration approximately 5 hrs**

See and learn about all the crops currently growing at the time. Includes original Pump Station, Diversion Dam, Kimberley Ornamental Stonecraft, a drive over Ivanhoe Crossing (water level permitting), lunch (at own cost) at one of the local cafes/restaurants by consensus, extensive trip out to expanded irrigation area (almost to WA/NT border) then back to Hoochery for refreshment (own cost, if needed) for a Hoochery Tour included in your tour. With a bit of luck and dependent on timing, we should be able to fit in a quick visit to the Kununurra Cotton gin on our way back to your accommodation by about 3.00pm (Caution Keith talks so much you could be home later)

**Cost Adult: \$200 Pensioners & DVA: \$180 Child: \$80**

Due to Keith's other commitments neither of the above Tours are available every day but your accommodation reception, or the Kununurra Visitor Centre will know tour availability.

#### All tours:

- pick up and drop off to accommodation
- give a history of Kununurra and the development of farming in the Ord River Irrigation Area

There may be some minimum numbers on some tours. We pride ourselves on making certain that you, our visitor leaves the area wanting to return for another look.

GM cotton at 15 weeks

Baled cotton ready for ginning

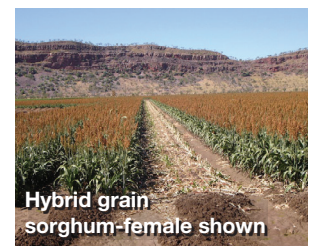

Diversion Dam - two gates partly opened

Hybrid Sunflower (male and female)

Our locals are cute and friendly

Hybrid grain sorghum-female shown

Maize at tassel stage (male flowering) also shown irrigation syphons

Occasionally we organise special destination tours not included in this brochure. Please contact the Kununurra Visitor Centre (08 9168 1177) or Reception at your accommodation in Kununurra for the availability of these tours.

### About Your Guide

Keith, your guide has lived and worked in the area since 1969.

He knows the tour areas intimately and has vast experience in the Wyndham, Kununurra and the NT areas.

Our organisation is small enough to be able to create a tour to fit your requirements, but large enough to provide the service you expect to give you a great tour.

The detail and itinerary of tours may change due to circumstances beyond our control.
